1x Quick Setup Guide

NOTE: Download all your support materials and tools in one place.

1. Go to: <http://www.digital-watchdog.com/resources>
2. Search your product by entering the part number in the **'Search by Product'** search bar. Results for applicable part numbers will populate automatically based on the part number you enter.
3. Click **'Search'**. All supported materials, including manuals and quick start guide (QSGs) will appear in the results.

INSTALLATION

- 1 Mark and drill the necessary holes on the mounting surface using the mounting bracket itself.
- 2 Secure the mounting bracket to the mounting surface using the tapping screws included with the mount. Use the mounting pad between the bracket's arm and the mounting surface as needed.
- 3 Attach the bracket adapter included with the camera to the ceiling mount. Use the M5 x6 machine screws included with the mount to secure the adapter to the mounting bracket.
- 4 Pass wires through and make all necessary connections.
- 5 Secure the camera to the adapter using the screws included with the camera to complete the installation.
